## The Park of the Magenta Battlefield

Silvia Frigeri – Monica Sobacchi

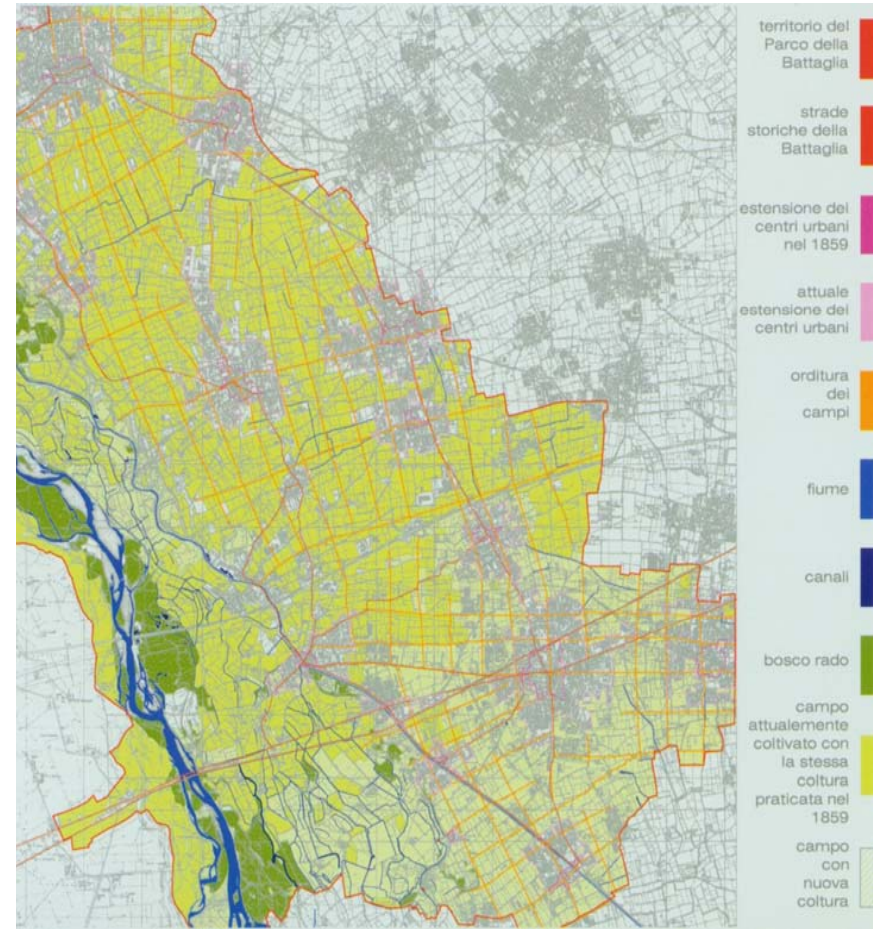

**AREA:** Magenta (Milan), areas of Magenta Battlefield

**THEME:** setting up a Park of the Battlefield in the Magenta area (the thesis refers to a proposal put forward in the latest Territorial Coordinating Plan of the province of Milan).

**OBJECTIVES:** acknowledging the military campaign of June 1859 as a basic event for setting up the modern Italian State and protecting the anthropic and natural landscape.

### PROJECT:

- Reconstructing the shape, structure and look of the landscape trodden by armies through iconographic research.
- Defining guidelines for the protection and conservation of the historical landscape and of the most significant artifacts.
- Defining specific actions with the aim not just of simply “building” a park or rebuilding the XIX century landscape, but rather of enhancing the memories hidden in
